The semi-annual Lisa and Heinrich Arnhold Lecture provides an opportunity to remember the salon-style evening gatherings of Dresden's Arnhold family. Until their emigration from Germany, banker and patron Heinrich Arnhold and his wife Lisa invited artists, academics, and public figures to scholarly presentations and dialogues. Fellows, Trustees, and Friends of the American Academy in Berlin, housed in the Hans Arnhold Center since 1998, gather in Dresden in cooperation with the Dresden Heritage e.V. to debate academic, cultural, and societal issues.
